**FPM LETTER NO.** 530-94

(FPM Ltrs. 530-85 through 93 are superseded.)

**SUBJECT:** Adjustment of Special Rate Ranges Established Under 5 U.S.C. 5303

*Heads of Departments and Independent Establishments:*

Under authority of 5 U.S.C. 5303 and Executive Order 11073, the Civil Service Commission has determined that the minimum rates and rate ranges for the occupations for which special rates are currently established will be adjusted as set forth in the attachment to this letter. The new rate ranges will be effective the first day of the first pay period on or after July 1, 1968.

In those instances where the special ranges have been increased so that they continue to bear the same numerical relationship to the new regular ranges that they bore to the old regular ranges, we must emphasize that this adjustment is not automatic but rather is based upon a finding that such higher rates are needed and justified.

In those instances where the special rates have been increased less than the regular rates they have been adjusted in accordance with section 530.307(a) of the Commission's regulations.

If there is no special rate range for a class of positions which previously had a special range, the statutory rates apply.

The pay of employees on the rolls will be converted to the new special rate ranges in accordance with section 530.307(b) of the Commission's regulations. This regulation was issued under authority of 5 U.S.C. 5303(d). The applicable part of the section reads as follows:

"(b) When an employee was receiving a special rate immediately before the effective date of a statutory pay increase, he shall receive on that effective date the rate of basic compensation for:

"(i) the numerical rank in the new special rate range for his grade or level that corresponds with the numerical rank of the special rate he was receiving immediately before that effective date; or

**DISTRIBUTION:** FPM

"(ii) if there is no new special rate range, the numerical rank in the new statutory pay schedule for his grade or level that corresponds with the numerical rank of the special rate he was receiving immediately before that effective date."

To illustrate subsection (b)(i) above, if an employee was paid at the third rate of the special range for Chemist, GS-11, immediately before the effective date, he will be paid at the third rate of the new special rate range for Chemist, GS-11, on the effective date.
